ZO SKIN HEALTH INC

BY ZEIN OBAGI, MD

Over twenty years ago, Dr. Zein Obagi pioneered the concept of skin health and conceived of, and brought to market, a line of medical skincare products – the original Obagi Nu-Derm® System – that transformed aging skin. Dr. Obagi founded WorldWide Products, which produced and marketed the original Obagi Nu-Derm® System. At that time, Dr. Obagi merely intended to challenge the norms of traditional skin care. Instead he shattered the status quo. Today his ideas about skin health are no longer surprising; they have become mainstream. Subsequently WorldWide was purchased by Obagi Medical Products, Inc., a company with which Dr. Obagi no longer has any affiliation, but which retained his family name (Obagi®) as their trademark.

ZO® Skin Health, Inc. and Dr. Obagi have no business relationship with Obagi Medical Products, and Obagi Medical Products does not sell or endorse using any ZO® product. "ZO" is a registered trademark of ZO Skin Health, Inc. "Obagi" and "Obagi Nu-Derm" are registered trademarks of Obagi Medical Products, Inc.
